

AquaOZ BLUE BEAUTY AQUARIUM DYE

AquaOZ BLUE BEAUTY AQUARIUM DYE is an Australian made blue dye, that instantly & safely turns aquarium water vibrant blue.

AquaOZ BLUE BEAUTY AQUARIUM DYE can help reduce fish stress in certain species & help reduce algal growth* by blocking out UV light.

*Algae Control Dose Rate may not be suitable for some aquarium plant species.

Use **AquaOZ AQUA FIX ENZYME** in conjunction with **AquaOZ BLUE BEAUTY AQUARIUM DYE** to help boost the beneficial bacteria in your aquarium & eliminate algae's food source long-term. Our enzymes super charge beneficial bacteria, which provides the ultimate solution to the majority of water quality issues in aquariums.
